Hi Uduak,
My views below

- ✓ CW266057 REFURBISHMENT OF TANKS IN BONNY AND FORCADOS TERMINAL – Does not qualify for savings, standard commercial award steer from NAPIMS. Ok, supported to book as cost avoidance.
- ✓ CW354836 PFL - Procurement and installation of 1no. Auto sampling system for FOT – Ok, supported to book as savings (assumes that it was only PFL was considered in the entire strategy process).
- ✓ CW623814 Ardrend: Robotic Pilot Cleaning of T207 at FOT - Does not qualify as savings, standard commercial award steer from NAPIMS. Ok, supported to book as cost avoidance.

Best regards
Femi.

Subject: Onshore Projects _ Fit 4 Savings Status - URGENT

Good morning Team-

ref fit 4 status so far received. A misalignment has been flagged as total savings captured for the entire CP Project is F\$2.4m .

So, please urgently do the following and revert

- For loaded items - quickly check fit 4 and indicate if your savings are banked as CP enabled and if not pls take steps to immediately effect as it will not count otherwise (Sunny +Peter+Nonye)
- Yet to be loaded – please expedite

Do connect with Toni for support if needed

	Savings & Fit 4 Status
