Subject: FW: FIT4: Approval request for I-2313622 - Cost savings from DIY activities in FOT Q2 2023 is approved

Enyo,

Please see compiled DIY list for FOT Q2:

- 1) Restoration of 33kv line – \$3000 savings in mobilizing a specialist, reduction in deferment of 30,653bopd
- 2) DIY on fire water jockey pump overhaul – xxx
- 3) DIY on start up of GT-810 saving cost of Solar FSR mobilization (7days work - \$20,104)
- 4) Work on pump vibration – eliminated \$100k in demurrage cost for loading of MT.FRONT SIENA
- 5) Concrete pipe support works using in-house manpower with project left over materials – eliminated \$100k in demurrage, eliminating deferment in crude receipt of 250,000bopd
- 6) Temporary repair of Water disposal valve – sustaining produced water treatment disposal offshore - \$7,500 for mobilization of Instrument specialist
