Importance: High

Dear Mary,

Following the request for subject service, an OLB event was completed and bid analysis/ evaluation was concluded.

At the conclusion of the evaluation process, contract ACV was FUSD 465,696 which represents 106% of CE (FUSD 441,312.68)

15% rate reduction was secured post bid negotiations, thus, a revised ACV of FUSD 399,445.74 for the duration of the contract.

I'm looking to document this via Fit4. Please support

Warm Regards,

Sheila
