Subject: RE: Movement of Materials from Warri to Ogbotobo CEIP site

Sir Joe,
Kindly support 600 litres of AGO for tugboats to transport our materials from Warri to Ogbotobo.
This is an opportunistic movement to transport our genset installation materials to Ogbotobo – see attached for original request and waybill from Mantrac.
Note:
By latching onto this trip, we'll make huge cost savings covering the material barge, tugboats (less fueling) and gunboats and accommodation of personnel on this trip.
Regards,
Pendo.

Pendo,
Please can you support this 600 Lts of fuel. We shall be saving a lot for the project.
So that Jebose can process the PR. We shall be saving
1.cost of Tug boat
2.cost of barge
3.Cost of fuel for Tug boat 4000 as against 600 lits we are providing.
4.Cost of Escort
5.Cost of fuel for the Escort Gun boat about 5000 lits.
6.Cost of food etc.

Please we should not miss this opportunity.
Thanks.
Mark.

Dear Oga Mark,
Good morning. The CWI barge is presently at Ogunu jetty. Where are the materials and what are their sizes, possible space to occupied on the barge? Can we have the picture to aid movement to Ogunu jetty for loading? If the user team accept the possible detour to & from Ogbotobo, you will also need to raise AGO of 600 litres. Movement of the barge latest today or latest tomorrow.

We are hopeful the CH will manage the engagement with CWI user team for the assistance.

Rgds,
Charles

Team,

Please let's combine this with the CWI material movement from Ogunu port to Benesede scheduled for execution later this week.

Regards,
Sunmbo

Mark,
Kindly help plan urgent marine logistics and security to transport the attached materials to Ogbotobo (waybill is attached).
We're expecting them to arrive Warri tomorrow for onward delivery to Ogbotobo.
Let's talk more about it tomorrow.
Regards,
Pendo.

Think Secure. This email is from an external source.

Dear Mr. Pendo

Please check attached waybill and photos of Electromechanical materials that are shipped to Warri arriving tomorrow morning.

Many thanks.

Eman Balbaa
