

THE SHELL PETROLEUM DEVELOPMENT COMPANY OF NIGERIA LIMITED

Category:	CIVIL	Contract ID:	TBA
HSE Risk/Mode:	Medium/1	SAP Contract No:	TBA
Contract Title:	Consortium Contract for the Installation of High Security (Citadel) Fence for Okoloma FLB and Remote Manifold		
Purpose of Proposal	To approve the OLB strategy to award the Installation of Citadel Fence at the Okoloma FLB & Remote Manifold areas using nominated community contractors. The contract shall be awarded via a consortium and for a duration of 12 months.		
Brief description of Scope of Work	<p>The contractors will carry out Installation of Citadel Fence around the newly acquired FLB & Remote Manifold Areas which is divided into:</p> <p>Package 1: Installation of (+/-235m) High Security (Citadel) Fencing at Okoloma North End</p> <p>Package 2: Installation of (+/-235m) High Security (Citadel) Fencing at Okoloma West End</p> <p>Package 3: Installation of (+/-235m) High Security (Citadel) Fencing at Okoloma South End</p> <p>Package 4: Installation of (+/-235m) High Security (Citadel) Fencing at Okoloma East End</p> <p>Package 5: Installation of (+/-235m) High Security (Citadel) Fencing at Okoloma Remote Manifold</p> <p>The proposed scope of works for the Installation of High Security (Citadel) Fencing at Okoloma GP newly acquired FLB & Remote Manifold Area includes:</p> <ul style="list-style-type: none"> • Clearing and removal of grass/bush (including felling of trees) and vegetable top soil average 150mm deep from site • Collection of SPDC Supplied Citadel Fencing Materials. • Mobilization of Equipment, Materials and Personnel to Sites • Provision of Medical Cover for the duration of this project* • Excavation Works • Installation of Citadel (Wire Mesh) Fence (+/- 235m per contract) • Concrete Work • Installation of Citadel Gates • Demobilization <p>Various other miscellaneous works are highlighted under the detailed scope of work and breakdown of rates (see below attachments).</p> <p>Note: * Medical Cover shall be provided by the Contractor executing Package 1 for Packages 1, 2, 3 & 4 while medical cover shall be provided for Package 5 by contractor executing Package 5</p>		
Business Need/Justification	<p>The service is urgently required to install Citadel Fence around the newly acquired Okoloma FLB Area & Remote Manifold. Lack of fencing has granted unrestricted access (encroachment) to the public who now use some of the areas as shops/workshops, access route to farmlands and for driving lessons. The proposed work is required to provide a safe and more secure environment as well as enhance the Okoloma (FLB & Remote Manifold Area) Gas Plant Security in line with SPDC current business requirement.</p> <p>Also, the Citadel Fencing Materials to be used for this project are left over materials from previous projects in 2012 for which there is a sole agent appointed for Shell Companies in Nigeria (SCIN). These materials are readily available for pick-up/collection in the I.A. warehouse, at no extra cost; thereby making this project a cost-effective one.</p> <p><i>Ref. PO nos 4510252100 and 4510273118 for evidence of purchase & sole agent's appointment letter</i></p> <p>Rates were derived from the current market price of materials to be used using a 'should-cost' model of estimation by the Cost Estimating team in SPDC.</p> <ul style="list-style-type: none"> • Tender subject works amongst under-listed 21 indigenous contractors in civil and building category (who have executed similar works in the past) • No single bidder shall be awarded jobs for more than one location • Where one vendor is the acceptable lowest bidder ($\leq 110\%$ of coy estimate) for jobs in two locations, the next acceptable lowest bidder shall be awarded the job at his bid price but within the acceptable limits ($\leq 110\%$). <p>Note: Vendors that are not IDD cleared will not be issued Purchase Orders.</p>		
Conformance to Contract Plan	Confirm conformance to approved Contract Plan. List changes/updates/ variation and justification for these changes (if any) including value proposition. NIL		
Company Estimate	<p>The Company Estimate is NGN 43,961,538.80 (Aggregate of 5 Individual Minor contracts <NGN10million each, See Attachments below for details)</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <p>The Company Estimate for the Five (5) Packages:</p> <p>Package 1: NGN 9,074,487.76 Package 2: NGN 8,604,187.76 Package 3: NGN 8,604,187.76 Package 4: NGN 8,604,187.76 & Package 5: NGN 9,074,487.76 are derived using the 'should-cost' model of estimation by the Cost Estimating team of SPDC.</p>

Hello sir,

Good afternoon

As advised, the mob/demob cost for the packages have been optimized on the premise of LEH HSE providing the required HSE Cover for the project execution.

Kindly find attached the Part A for your review.

Thanks!

Regards,

Ajagbe 'Segun

Subject: FW: OKOLOMA FLB CITADEL FENCING PART A

Oluwa,

We discussed; opportunity exist in the allocation of mob/demob cost for each package. Thanks to update the proposal with the cost as obtain from the estimation team, showing the optimised mob/demob cost for each package and revert.

Regards,

Francis

Uzoka,
Please find below my comments after review:

- Please use the attached word doc for the Part A
- The scope seems slicing of the activities. Have NAPIMS been engaged?
- Optimise your mob/demob costs, observed several mob/demob costs for same location
- It is no longer fashionable to bench mark cost with previous contracts. Way forward is doing a 'should-cost' for your activities or connect with the cost estimation team for help
- For the community nomination, I will like to see the CIC validation of the list.

Regards,
Francis
