National Petroleum Investment Management Services

## Provision of Maintenance, Engineering and Project Support Services (MEPSS) Tender (PSC & JV)

### Clarification Meeting (Difference between MEPSS and the EPCM)

Date: 10th Jan 2022

Venue: Virtual via Teams

Time: 1400hrs – 1530hrs

#### Attendees:

#	NAMES	COMPANY
1	Solomon Ohia	NAPIMS
2	Gbenga Owolabi	NAPIMS
3	Godday Odo	NAPIMS
4	Michael Nnachi	NAPIMS
5	Ayotunde Awolope	NAPIMS
6	Nkem Oko-Jaja	NAPIMS

#	NAMES	COMPANY
7	Pius Okeadinma	SHELL
8	Debo Ogunjimi	SHELL
9	Ochuko Owede	SHELL
10	Daniel Adebola	SHELL
11	Olayide Ajani	SHELL
12	Ambrose Omigie	SHELL
13	Ugonma Iroaganachi	SHELL
14	Oyetomi Jaiyesimi	SHELL
15	Sesan Oloniboko	SHELL
16	Eyiyere Victory	SHELL
17	Eyitayo Balogun	SHELL

#### Purpose of Meeting:

SHELL to further clarify the difference between the EPCM and MEPSS as per NAPIMS request.

#### Highlights

- SHELL alluded to previous engagements with NAPIMS on subject and would like to know if there are certain areas requiring further clarifications to avoid repeated presentations.
- NAPIMS acknowledged the previous engagements on subject however, stated that there is need to prevent misconception or misunderstanding amongst prospective tenderers with respect to the difference between the engineering scopes in the MEPSS and the EPCM Contracts.
- SHELL responded that the Engineering part of the MEPSS Contract shall undertake Engineering ONLY for scopes that the EPCM Contract is not set-up to handle.
- SHELL further stated the following:
  - The MEPSS Contract shall provide Engineering and Project Support Services for all projects (excluding Major Projects) in SNEPCo.
  - The EPCM Contract shall undertake end-to-end delivery of SNEPCo Major Brownfield projects commencing with Engineering, Procurement, Project Management, Onshore Fabrication, Offshore Installation / Construction, Offshore Commissioning and Start-up support.
- SHELL implored NAPIMS to approve the MEPSS Tender Opportunity Document currently in NipeX at Asset Manager's level to mitigate impact on tender timeline.
- NAPIMS responded as follows;
  - SHELL should expunge the word "Greenfield" or "Brownfield" from the Media Advert and maintain a neutral statement (e.g. Engineering Support Services for SNEPCo/SPDC). SHELL should include the word "excluding Major Projects" for clarity such that potential small/medium players are not discouraged from participating in the tender.
  - SHELL should correct areas in the Media Advert where Bonga was mentioned under the EA Field, sea eagle and vice versa
  - SHELL should urgently update the Media Advert as advised, share with NAPIMS for alignment ahead of the four-staged approvals in NipeX.
  - NAPIMS committed to concurrently approve the MEPSS Tender Opportunity Document currently in NipeX at Asset Manager's level to mitigate impact on tender timeline.
- Meeting Closed.
