Rigs/Vessels Farmout				
Others (Specify)				
				Estimated cost for demolition and carting away Bundwalls materials of BOGT Firewater Tanks 3407A & B is \$137,439.97. Rather than execute this task and waste the Bundwall materials, the Tank rehabilitation Contractors were granted the opportunity to cut the Bundwalls and reuse the materials as fill materials for site preparation works on other tanks. This resulted in cost avoidance of \$137,439.97.
Total – All Levers	137,439.97			

	TPSS 2019 100% (F\$)	TPSS 2019 Shell Share (F\$)	Remarks:
Total (OPEX + CAPEX)	137,439.97	39,995.03	Cost avoidance with regards to demolition of bund-wall by reusing bundwall materials for site preparation.
